Re: Jumers Casino and Hotel
Architectural Woodwork Fabrication

Dear Nate,

As we near completion of the Jumers Casino and Hotel, I would like to take the opportunity to acknowledge your efforts in coordinating and fabricating materials for the project. Aaron Carlson was professional in every stage of the process. From detailing shop drawings, coordinating changes and field conditions, fabricating the material in a timely manner, and delivering a high quality product, you have made a significant contribution to the successful completion of this project. I look forward to the opportunity of working with you on future projects and would be happy to recommend your services for other projects.

Very truly yours,
